

January 16, 2017

To Whom it May Concern,

This letter is a confirmation that Erzsébet Gabriella Czopyk, Volunteer Moderator for the Twitter Translation Center (TTC) in Hungarian, has been a TTC Moderator since December 2014.

Each language community within the Twitter Translation Center is represented by a large group of translators. Those with outstanding translation quality and community engagement receive the invitation to become a Moderator.

As a Moderator, Liza is part of a select volunteer group in the Twitter localization community who contribute towards making Twitter accessible to people around the world.

Liza's experience as Moderator has given her familiarity with localization processes and workflows, particularly in the social media context. She has displayed great attention to detail, dedication and excellent communication skills. As a Moderator for Hungarian, she has provided over 31,600 translations.

Do not hesitate to contact me with any questions or concerns. I can be reached by email at lpezza@twitter.com.

Sincerely,

Laura Pezza
Localization Project Manager, Community; Twitter
